

# INKLINGS

TEEN - AGERS' NEWS SHEET

VOL. 17 NO. 13

CROWN POINT, IND.

APRIL 27, 1951

## G. A. A. TO HONOR SENIORS

The G. A. A. Senior Dinner will be held at the Youche Country Club on Tuesday, May 8, at 6:30 p.m. The invited guests are the active senior members of G. A. A., Mr. and Mrs. Hiatt, Mr. and Mrs. Walker, and Mrs. Maloney.

Following the dinner a program is planned which will include installation of officers for 1951-52. The two outstanding members for this year will be named and presented with awards.

General chairman for the dinner is Donna Glassford.

## TRIO SCHEDULED FOR ASSEMBLY

For the assembly on May 4 the Jimmy Dutton Trio will be at CPHS. The Trio consists of two concert marimbas and a concert piano. In the trio are Jimmy Dutton, head of the marimba department at the American Conservatory of Music in Chicago, Dianne Andrews, outstanding among women marimbists, and Harriette French, who in private life is Mrs. James Dutton.

Their programs cover the works of such masters as Chopin, Bach, Scarlatti, and de Falla.

## C. P. BAND GIVES CONCERT

The Crown Point High School Band, under the direction of George Ewing will once again present to the public a "Minutes of Music" Concert. This fourth annual concert will be held at the Community Building, Sunday, May 6 at 3:00 p.m. The program for this concert is not available yet.

## CROWN POINT BOYS HONORED AT BANQUET

Bob Meyers and LeRoy Sons were honored at the State F. F. A. Banquet April 6 in the Union Building at Purdue University.

This banquet was given for those F. F. A. members in the state who were accepted for the State Farmer's Degree.

Bob and LeRoy both received five dollars in cash and a gold State Farmer's pin.

## SUPER CIRCUS COMES TO TOWN

Television's SUPER CIRCUS will be presented May 7 at the Community Building. The Sunshine Society is selling tickets for the event and you may procure them from any Sunshine officer.

## BOYS' STATE DELEGATES CHOSEN

This year's delegates to Boy's State, sponsored by Crown Point organizations, are Don McLean, Don Patz, Gordon Gerdt, and Bob Laney, with Al Teagle acting as alternate.

Al Doty sponsored by the Cedar Lake American Legion, will go from Cedar Lake with Dave Cedarholm as alternate.

## 21 GIRLS TO ATTEND CONFERENCE

On Saturday, April 28, twenty-one Crown Point girls will attend the Eleventh Annual Lake County Girls' Conference which will be held in Griffith.

Discussion groups will be held in the morning. Barbara Peterson, a discussion leader, plans a talk on "Religion in My future."

In the afternoon a style show will be presented and talent from various schools will perform.

## JOURNALISM CLASS PLANS TRIP

The C. P. journalism class, and their sponsor, Miss Lauterbur, will take a trip to the Chicago Tribune and other Chicago newspapers in the near future.

## WHAT IS YOUR OPINION OF THE MACARTHUR DISPUTE?

BARBARA PETERSON: I think Truman's method of dismissing MacArthur was in very poor taste. In my opinion, General MacArthur was doing the best job any man could have done in his position.

BOB PAVLIK: I liked his speech. It was dramatic, yet dignified and he didn't mud-sling the president. I think Manchuria should be bombed.

JOAN FLEGAL: I think time will tell who was right. People have reached such a level of prejudice now that they won't listen to reason--they're either definitely pro or definitely con.

JERRY LARSON: I think we'd better fight a war and get it over with. (Before I get out of high school.)

BETTY BURRAGE: I think MacArthur's speech was very good and diplomatic by not criticizing specifically but only implying. I think he is more nearly right in his policy than Truman because he has more experience.

DICK WELCH: I think Truman should run for a third term---in the state penitentiary!!!

JOYCE PETERSON: Truman said that by remaining where we are it would prevent World War III. I don't think that fact makes any difference and I'm for MacArthur.

DON BURGE: I like MacArthur. I think he has a fine policy and I'm all for him. I think he should be reinstated.

ELLEN TURNQUIST: I agree with MacArthur. I can understand both sides of the story but I think Truman is acting assinine about the whole thing.

DICK GIBBS: I think we should bomb Manchuria. You can't win a war unless you demolish the supply lines that are backing that war.

BOB ARMSTRONG: I don't think MacArthur was right in wanting to send the Nationalist troops onto the Chinese mainland but I also don't think Truman should have relieved Mac of his authority in Japan.

## THE SIGNIFICANCE OF HONOR DAY

What is Honor Day? Do you immediately think of a number of boys and girls making a beaten path to the front of the gym to receive various awards or does Honor Day hold a deeper meaning for you?

The most important thing about Honor Day is not the awards which the students receive but rather the sacrifices made for them and the experience and information received in attaining them.

If you are one of the honored, someone will undoubtedly say to you, "Aren't you the lucky one!" But you know that work rather than luck gained this recognition.

## THAT LOCKER PROBLEM

Have you ever stopped to consider constructively the current locker situation in school, and ways in which it might be helped?

Here are some of the statistics: We have 562 students enrolled in Crown Point High while there are 540 lockers.

According to these facts we have almost a locker to every person. We should have plenty of room for our belongings. Why is this not true?

When this astounding fact came to light, your inquiring reporter was assigned to interview Mr. Walker and Mr. Scales to see just what the trouble is. See the next issue of the INKLINGS for the facts.

## NEW FACES

Judy Southworth is a new student in C. P. H. S. from Parker High in Chicago where she was a first semester Junior. Judy thinks she'll like Crown Point High even though it's very different from city schools.

## C. P. STUDENTS COMPETE AT BLOOMINGTON

Seventeen CPHS students will journey to Indiana University at Bloomington, Saturday, April 28, to compete in the Indiana University Achievement Contests. These students competed in the regional contest at Valparaiso on March 31 and ranked high enough to compete in the state contest.

The contestants are: Comprehensive Math--Betty Bullock, who ranked 1st in the state, John Esser and Ed Dickerman; Geometry---Tom Dickerman, who ranked 1st in the state, Betty Sigler, and John Reinerio; Algebra--Claire Phillips, Eugene Seabloom, and George Komechak; Latin I--Barbara Moore, who tied for 1st in the state, Jean Mikuta, who tied for 2nd in the state, and Keith Patterson; Latin II--Ann Tullis; and English--Jane Vance, Ann Hathaway, Carmen Francis, and Marian Koe. Miss Swartz, Miss Lauterbur, Mr. Scales, Mr. Cochran, and Mr. Dean will accompany the contestants.

## DEBATE TEAM TIDBITS

Six speech students accompanied by their coach, Mrs. Tyler, traveled to Hammond High School to represent Crown Point High School in the 1951 Indiana N. F. L. Tournament on April 20 and 21.

In competition with schools from all over the state the debate team, consisting of Dick Patterson and Ed Cutshaw, negative, and Betty Jaeger and Al Teagle, affirmative, finished in a tie for fourth place.

Dorothea Petrovich reached the semi-finals in Humorous Interpretation.

Ed Dickerman, Betty Jaeger, Ed Cutshaw, and Dick Patterson reached the final round in Radio.

Ed Dickerman received ribbons for being rated third in the state in Humorous Interpretation and also tied for third in radio.

## S. S. S. PLAN SPRING ACTIVITIES

The annual Sunshine Rose Dance will be held at the Community Building Friday, April 27, according to Jane Vance, Sunshine president. The Rose Queen, whose identity will be kept secret until the dance, will be crowned in a special ceremony during the evening.

"The Sunshine May Breakfast will be held May 1 at the Presbyterian church," said Jane. "Mr. Hiatt will be the guest speaker and Joyce Coash and Emma Kozma will play the piano. New Sunshine officers will be installed at that time," she continued. "They will be: president, Mary Lou Sigler; Vice-president, Doris Teagle; Corresponding secretary, Barbara Weiland; Recording secretary, Joan Flegal; and Treasurer, Dora Wood."

This year's officers are: President, Jane Vance; Vice-president, Joan Teagle; Corresponding secretary, LaVonne Kaiser; Recording secretary, Shirley Stuhlmacher; and Treasurer, Joyce Hooseline.

## LOCAL TALENT PROGRAM SOON

A life-time chance to take part in the W L W Palace Theater "star search," is offered to all those with a talent for entertaining via the simple coupon in the Star newspaper. Entrants in the Crown Point area who can sing, dance, play an instrument or have a flair for dramatics need only be 18 or over and have a non-professional standing.

Manager Roy Eshelman, of the Palace theater has been receiving very promising entries since announcement of the contest, and is eager to have all others soon so he can make audition appointments in good time for the two local shows scheduled for April 25 and May 5.

# STUDENT COUNCIL ANNOUNCES ACTIVITIES

At a recent meeting the Student Council decided to pay all transportation and lodging expenses for 17 students competing in the Indiana University state finals April 28. It was also decided to procure a new plate glass mirror for the boys' restroom.... the present mirror is practically a relic from the 49'er Gold Rush according to Mr. Scales, Council Sponsor.

New Student Council officers will be installed at the Honor Assembly April 27. They are: president, Gordon Gerdt; vice-president, Bob Hobson; secretary, Betty Sigler; and treasurer, Bob Armstrong.

The new cheerleaders also elected April 6 on the official voting machine are Dorothy Glassford, Mary Schmal, and Loretta Geisen.

## MR. SCALES ATTENDS CONFERENCE

Mr. Scales attended the Purdue University Annual Guidance Conference on April 9 and 10. During the two day conference, which was held in the Union Building, Mr. Scales heard many vocational guidance speakers, including a navy captain, an air force officer, and an army colonel. A roundtable discussion was also presented by a high school radio panel of "The Citizens of Tomorrow Speak."

## G.A.A. STARTS TRACK SEASON

G. A. A. members ended their baseball season Thursday, April 19, and plunged into track season Tuesday, April 24. A track meet will be held the week of May 7.

Members of the Girls' Athletic Association eligible for awards will receive them at the Honor Assembly April 27.

# FILM FOOTNOTES

Movie fans are certainly in for a treat during the next two weeks. There are so many wonderful pictures that I will attempt to tell you about only the best.

First, is "Hit the Ice" which offers a dash of wholesome comedy. Abbott and Costello are the stars. Need I say more? It plays April 26, 27, and 28.

Secondly, "September Affair" starring Joseph Cotton and Joan Fontaine on May 1 and 2 is a story in which two people are given the opportunity to break all former ties and start life anew.

Third, we find "Great Missouri Raid" playing May 3, 4, and 5. It is rated excellent and therefore it must be an extra special western. It stars Macdonald Carey and Wendell Corey as Jesse and Frank James.

Fourth and foremost is "Born Yesterday" starring Judy Holliday, The Academy Award winning actress of this year and Broderick Crawford, last year's winner. The picture concerns a millionaire and his empty-headed fiancée, who finally ends up with the upper hand.

## STAFF

EDITOR Marian Moe  
REPORTERS: Joan Adele Scott, Vicky Palmonari, Marcia Warren, Marcella Paulson, Joy Shimko, Jackie Ebert, Marilyn Eshelman, Dick Russel, Bob Bowman, Al Teagle, Al Phillips, Marion Whited, Barbara Peterson, John Straka, Karen Moe  
SPORTS WRITERS: Dick Welch, Marion Whited, Bob Armstrong.  
ARTISTS: All Phillips, Lyle Bratton.  
PRODUCTION DEPT.: Joyce Walton, Marge Phillips, Joan Teagle, Rosaline Gumbiner, Kathryn Stiener, Joann Smith.

# TODAY'S TRIVIA

by Ed.

An interesting part of school life is the extra-(and contra-) curricular activity of note-writing. As one of the world's foremost authorities in this field I should like to present some fascinating statistics concerning notes. (These figures were obtained from an impartial survey of 16,382,208 notes.)

Forty-eight and two tenths per cent of notes have as their principal subject--BOYS. Fifty-one and two tenths per cent are about GIRLS. The remaining one-half of one per cent pertain to such unimportant things as school, work, etc.

The average note weighs .024 ounces and has 62.8 words. The longest note on record was 708 pages long, had 22,645 words and weighed three pounds and a half. The world's briefest note was written on the edge of a postage stamp. Unfortunately no one has yet been able to read it.

Don Hedges is the proud possessor of the largest privately owned collection of notes in the world. His collection weighs 64.7 pounds and consists of 482,644 notes that represent eight and one-half years of continuous note-writing.

We owe Don a vote of thanks for his contribution to this noble pastime.

## FASHION NOTES

The Friday of the Rose Dance is here! Ron has asked Ginny to go. They are double dating with Sue and Tom. After a conference in the hall with Sue, Ginny has decided to wear a toast-colored shantung dress which matches her hair. Heels and hose, of course, too! Sue will harmonize, wearing a turquoise two-piece dress. The dresses will make beautiful backgrounds for their roses.

Ginny is planning to wear a navy blue bolero suit with white

# PHYSICS STUDENTS VISIT V.T.I.

Last Tuesday the two physics classes, supervised by "Unca Alt", less well known as Mr. Cochran, made a visit to Valparaiso Technical Institute. The bus left the high school a little after 8:30 A. M.

The first demonstration given at Valpo was about electricity and induced currents. Bulbs lit up and wire insulation melted by current that apparently traveled through space. Metal rings were made to jump two feet into the air by induction.

After this exhibit the students were herded into a small studio to see a practice broadcast given by potential radio engineers. This course is given to provide a background of announcing and program planning so that a graduate may get a job in a small station requiring a variety of talents.

In the radio television lab a complete TV set was broken down into its many parts, which were mounted on a diagram of the set.

Music was "seen" on an oscilloscope and another oscilloscope was used to show the different types of electric currents.

After eating in the cafeteria some students sat in on a college math class. Later the Cub-Pirates game was viewed in the TV lab.

Some of Valpo's "daredevils" performed for the girls (ask Emma or LaVergne) on the way home while their cars were following the bus.

Back in school just before the end of 5th period, the students settled down for another hour of school.

pique accessories next Sunday. A perky white hat trimmed in blue will complete her ensemble for church.

The girls are planning a trip to the zoo next week. Read the next issue for details.

## ROUND AND ABOUT WITH

### Marcia

Hi Gang! Have you noticed all the sun glasses being worn lately? It must be because of those classy shirts that Hein, Peterson, Theis, and Carl have been wearing.

Oh, we musn't forget Coach Ruby's pink one either--mmmm!

Have you noticed the cute four-some around school--it's Janet Hedloff and Dave Cedarholm, Marty Dalton and Gerald Doty.

Duke Hein and Rita Scott had a wonderful time on their date last week. We hear also that Rita has a date for the Lowell prom.

Lovina Williams is going to the Lowell prom, too. She is going with Lee Tanner. I wonder what Margie Foss thinks of this?

Shirley Theines is quite taken with a Lowell feller. His name is Jim DeArmond.

Wayne Strong is going to the LaCrosse prom with Marilyn Miller.

Have you seen who's been seen in Jim Bullock's convertible?? Yep, it's none other than Doris Jones.

Mary Spurr and Bob Kelsey had a wonderful time at the Sadie Hawkin's Dance, so I heard.

My characters from the underworld have just told me that Ken Murray has quite a case on Norma Utley.

"Hi" Pelton has gone out of town to find his love-life. Yes, his heart belongs to Hebron and Lynn Frame.

Jim Schmal was seen by some of my sluthes with Barbara Thompson. She's to be treasurer of Sunshine next year, but Jim says it's not her money.

"Andy" Langland and Ed Dickerman had a swell time at the Sadie Hawkins Dance. I asked Andy if they saw "Marryin' Sam". All she did was blush. A true confession!

Vicky Palmonari has her formal for the prom. I wonder who her date is?

Well, my spies just got caught by the Gestapo so I'll have to sign off for now.

## ANNUAL ROSE DANCE TONITE

Are you going to the annual Rose Dance tonight? This dance is one of the main events of the year for the Sunshine Society.

All the proceeds from the dance go to the Riley Hospital fund. This year the Riley Hospital is using the money to buy seven refrigerators for the hospital.

For the past seven years the Crown Point Sunshine Society has sponsored a Rose Dance with the crowning of the Rose Queen as the "high-light" of the dance.

The first Rose Dance was held in 1943. The Talisman rose, the club flower was sold to students and used as the theme of the dance. In 1944, they called the dance, "The Sweetheart Danced" with the votes for the "Sweetheart of C.P.H.S." worth a penny each. That year, Gloria Ferrero, the senior candidate, received this honor. Jackie Mikuta was crowned "Sweetheart of C. P. H. S." the following year. At the Sweetheart Dance in 1946, Irmagard Tauck was presented with a crown of roses and in succeeding years the Rose Queens have been: 1947--Lois Vance, 1948--Mildred Blinn, 1949--Dody Marshall, and in 1950--Gail Aylesworth. This year candidates are: freshman--Pat Kuiper; sophomore--Shirley Thienes; junior--Doris Jones; senior--Paula Krost. Come on kids, attend the dance tonight and vote for your favorite gal and at the same time help the Sunshine Society.

## ART CLASS PLANS TRIP

Sometime within the next week or two, the senior Art class will pick up their balls and chains and board a bus for Chicago. No, they aren't getting transferred--they are just going to tour the Art Institute with Warden Holman.

Phillips tried to talk his way out of it by telling the warden that his ball and chain were too heavy to carry.

# BEHIND THE SCENE

BY "PETE" PETERSON

Track practice, hay fever, and lack of materials and ideas were only a few of the difficulties the decorating committee for the Sadie Hawkins Dance had to encounter after school, Friday, April 13.

I don't think anyone noticed the stile on the right side of the gym, but that caused the class the most trouble of any one thing. They had to rob (excuse me, borrow) some vital parts from George Middleton's car in order to put the finishing touches on it.

Did you examine the magnificent (well, at least they were cute) marriage licenses. Since "Pete" and Mary Lou were born in Dogpatch County, they were nominated to type them up in good legal form and to draw the things that are on all legal licenses "back home".

All in all, the dance was a huge success. The officers of the Class of 1952 want to thank all the kids who worked to make the dance what it was. Their help was greatly appreciated!

## CAMERA CLUB NEWS

Many of the members of the Camera Club are now using the darkroom.

Other members may see Ed Dickerman, president, to have their names put on the darkroom schedule.

Bob Hobson, Ed Dickerman, and Ralph Skoog are giving instructions on the use of the darkroom and the equipment.

## 4-H PLAN MEETING

The next 4-H meeting will be held in the Home Ec. cottage on May 2. At the April 18 meeting record books were checked and the girls made project plans for the coming year.

# SERVICESCOPE

Flash! An enemy sub is lurking off the coast sinking mail ships on route to Korea. Now we know that really isn't happening to any of our ships, but I wouldn't be surprised if some of the boys in service from Crown Point are wondering what has happened to the mail line.

Here are two new addresses for you

\* \* \*

Pvt. Walter K. Prochno  
U. S. 55135731  
106th T. P. M. M. Co.  
25th TNG Bn.  
Fort Eustis, Virginia

\* \* \*

Pvt. Richard Kruzan  
A. F. 16-360-554  
Flt. 1023 Sqd. 3726  
Lackland Air Base  
San Antonio, Texas

## SHOP SHAVINGS

It seems that the 4th period woodshop class's recently founded Fix-it Club has been quite busy lately. They have repaired two chairs for Mr. Kyle, two chairs for Miss Blackstone, a wallshelf, and completely refinished an overstuffed chair.

They are making a folding screen out of mahogany, and have almost completely finished the blackboards for the outdoor basketball court.

Some of the projects besides those of the Fix-it Club are Bob Barnacastle's small cedar chest, Kenny DeCrow's lawn table, and Bob Barns' mail-box holder. Bob Brettin and Berdette Collins are making end tables. Marion Jorden is making a scooter for his dad's ship and Norbert Luebcke is busy on another lamp.

Vernon Campbell has decided to make some profit on his project, so he is making rocking-chair pin cushions. See Vernon if you wish to purchase one.

# CHEMISTRY CLIPPINGS

by  
X-4

## APRIL BIRTHDAYS

Some of Crown Point's science talent have entered the State Science Project Contest.

Dick Patterson is preparing a Culture Media which is a method of telling the bacteria count in various places.

Gordon Gerdt has gone modern. You guessed it--the twenty third wonder of the world, plastic is his specialty.

Dave Knibbs is electroplating an old firearm.

Jerry Kimberlin likes to play with fire. He is making a colored flame test. Don't burn yourself, Jerry!

Bob Henderlong takes the prize. He is working on nothing less than a cyclotron.

I have finally found out why Mr. Cochran is the only one who can smile when someone flubs on experiment--he has the biggest desk to jump behind!

While exercising my nose I came across Bob Laney doing a few extracurricular activities, namely burning steelwool. His partner Teddy Gruenhagen keeps him pretty well in line through these little episodes. Incidentally, this duet has one of the best supplies of glassware left. My partner, Jerry Larson, and I could take an example from them couldn't we Jerry?

Among the trials and tribulations suffered by the chemistry student is the problem of removing a thermometer from Napthalene. Just ask Janice Evert or Gemma Brant!

Dorthea Petrovich has the most convenient way of finding a chemical. If it isn't in the cabinet she merely ups her voice and yells for it.

OH, well, "the only thing more confusing than chemistry is more chemistry." I leave you with the thought. "The high school chemist is more interesting than the experiment he performs."

As you all know April 1 is All Fools' Day. Lois Schlobohm, LaVergne Brooks, Jeanette Blanchard, and Ruth Beneake all celebrate their birthdays on that day--no connection, of course!

On April 3 Jesse James was shot, but two other notorious "characters" were just beginning their wild careers. These people were June Fischer and Gene Stuhlmacher.

On April 9, General Lee surrendered to General Grant. Mrs. Barr and Mrs. Pratt started another revolt though. They used secret weapons called Warren and Carol.

Carol Seranin, Marilyn Moore, Bill Dankert and Bud Beaman were born on April 11 which is the same date on which Napoleon Bonaparte abdicated the throne of France.

Marjorie Phillips was born on April 12 the anniversary of the beginning of the War between the States---always wondered what caused that war!

Many people will remember April 14--that was the day Lincoln was shot. It was also the day that Shirley Thienes, Barbara Moore, Don McLean, Wayne Greer, and La Vaughn Burkhalter were born.

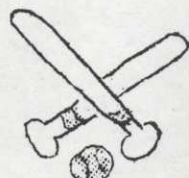

April 15 was a tragic day in the history of the U. S. The famous Titanic was sunk. But the world grew happier on that date some years later when they heard that two little cherubs (namely Bill Lueder and Vernon Campbell) were born.

Helen McCoy and Bill Heiser celebrate their birthday with Ulysses Simpson Grant, the 18th president of the U. S., on April 27.

Many other students celebrated their birthdays this month too, but due to lack of space we were unable to include all the names.

# MAJOR LEAGUE PREDICTIONS

Well, here we are with the start of another baseball season upon us. And with the start of baseball you hear all the usual predictions about team standings.

Not wanting the large papers to scoop us I inquired around and discovered that.....

The majority pick the Boston Red Sox to win the Pennant in the American League with second, third and fourth places a question between New York, Cleveland, and Detroit.

In the National League it figures to be a close fight between New York, Philadelphia and Brooklyn with Boston having a slim chance.

The following are some of the complete league standings as predicted by some of our fans.

## Kenneth Matthias

Boston	New York
Cleveland	Philadelphia
Detroit	Boston
New York	Brooklyn
Chicago	Chicago
Washington	Cincinnati
St. Louis	St. Louis
Philadelphia	Pittsburgh

## Vernon Campbell

Detroit	New York
New York	Philadelphia
Boston	Brooklyn
Cleveland	St. Louis
Chicago	Boston
Washington	Chicago
Philadelphia	Cincinnati
St. Louis	Pittsburgh

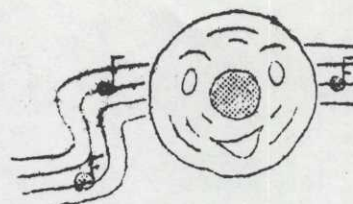

## Don Nelson

New York	Boston
Detroit	Brooklyn
Cleveland	New York
Boston	Philadelphia
Chicago	St. Louis
Washington	Cincinnati
Philadelphia	Pittsburgh
St. Louis	Chicago

## Jim Bildz

Boston	New York
Detroit	Philadelphia
New York	Brooklyn
Cleveland	Boston

# THE TOP TEN

A great number of new songs have come out recently. "ON MOONLIGHT BAY" by Bing and Gary Crosby; "METRO POLKA;" "TOO YOUNG;" "HAPPINESS;" and "BY HECK" are a few of the most popular. Because of this, our top ten has changed greatly since the last issue.

It looks as if we are getting classical minded. Examples: Mario Lanza's "BE MY LOVE;" "HOT CANARY;" also the smooth "TENNESSEE WALTZ" and "SHENANDOAH WALTZ."

Here are close runner-ups to the TOP TEN. Starting with No. 15 and going down are; "HOT CANARY;" "ABA DABA HONEYMOON;" "LET ME IN;" "HALLS OF IVY." Now for the Top ten:

- NO. 10---"SPARROW IN THE TREETOPS"
- NO. 9---"I LIKE THE WAY YOU SAY GOODNIGHT"
- NO. 8---"WOULD I LOVE YOU" (Going up slowly.)
- NO. 7---"SHOTGUN BOOGIE" (Hill-billy fans left over from Sadie Hawkins Day)
- NO. 6---"BE MY LOVE"
- NO. 5---"HOW HIGH THE MOON"
- NO. 4---"SHENANDOAH WALTZ"
- NO. 3---"IF"
- NO. 2---"MOCKIN' BIRD HILL"

The NO. 1 spot goes to the up and coming Weavers and their folk song, "ON TOP OF OLD SMOKEY."

Chicago	St. Louis
Washington	Cincinnati
Philadelphia	Chicago
St. Louis	Pittsburgh

In the above predictions the American League seems pretty set with Boston getting the most "firsts" and St. Louis "lasts". Chicago is picked 5th by every one. On the National League, New York takes top honors with Philadelphia and Brooklyn running neck and neck. Pittsburgh seems to be the likely choice for the cellar.

## CINDERMEN EDGED BY HOBART

The track team experienced their first loss of the season when the Brickies of Hobart edged them by a score of 35 to 31 in a thrilling track meet held at Hobart, April 3.

The meet consisted of relays, the freshmen and varsity 100 yd. dash, and the usual field events except the pole vault.

C.P. was successful in winning the Freshmen and varsity 100 yd. dash, the mid-distance relay, the half mile relay and the freshman relay.

## VALPO EDGES LOCAL TEAM

The Valpo track team defeated the Crown Point cindermen by a score of 73 to 38 in a dual meet held at Valpo.

Our boys did well despite the score. They were defeated by a team of equal strength if not more so, and did their best under the existing circumstances.

Tim Johnston captured first place in the low hurdles and Elwin Buche took first place in the pole vault.

## FRESHMEN BREAK RELAY RECORD

The freshman relay team composed of John Smead, Ronnie Waymire, Jack Roysden, and Clarence Bosel were successful at the Edison relay in exceeding the freshman relay record previously held by Griffith.

The event called for each member of the team to run 330 yards, which they did as a team in the time of 2:45.4, exceeding the time of 2:51.8 previously set by Griffith.

## THE BLEACHER FAN SAYS:

Although we out-errored Lowell 7-2, we also out-scored them 7-5, one run for each error. Al Phillips remained cool through the whole game. He struck out 13 during the 6 innings played.

We have quite a few starting rookies this year, including Dick Becker on first, Murray on short, and Campbell at second. Foster sparked a third inning rally with a triple with the bases loaded. McLean then hit a two-bagger to bring in Foster. McLean came in when Beaman was safe on an error to end the rally. A lot of wind was then generated--Phillips fanned 5 of the last 6 to face him and Tuttle fanned all six.

- C.P. RAPS MERRILLVILLE -

Crown Point has its problems, one being how to make 15 runs on 5 hits. Of course the 10 walks issued by three Merrillville pitchers helped a little bit!

The little incident of a grand-slam homerun by Phillips in our fourth inning rally encouraged a hurried dismissal of Merrillville's first pitcher. Al Phillips struck out 9 boys to bring up a total of 22 strike-outs to 1 walk. Shall we have the Cubs take lessons from our pitcher?

As the sun sinks slowly in the west, it is better to stop playing than to be beamed on the head by a pop fly. Five innings and fifteen runs richer, Crown Point Bulldogs headed for home.

-YOUR KNOTHOLE REPORTER

## CUB SCOUT VISITS C.P.

A Chicago Cub scout came to Crown Point in search of hidden talent. The scout visited Mr. Carnahan during fifth period last Wednesday.

He played with Bill Serena and Andy Pafko in the minors and Ted Williams while in the army. He retired because of a broken ankle.
